“We loved working with the Tyneside Cinema for the premiere of our series *We Are Newcastle United*. With their hard work and co-operation, we were able to transform the venue into a glitzy, red-carpeted space fit to host the Newcastle United team, key stakeholders for the series, media outlets and most-importantly the fans.”

WEDDINGS

Steeped in history, the Tyneside Cinema has held a place in the heart of the region for over eighty years. As the last surviving Newsreel Theatre still operating as a cinema in the UK, the building is an important, nationally recognised site of heritage, lovingly restored to preserve and celebrate the grandeur of its original 1937 Art Deco design.

In our beautiful Art Deco cinema, you and your guests can enjoy the start of your "happily ever after" in true cinematic style! All our cinema screens are licensed for civil ceremonies, so whether you are looking for a simple ceremony or something more adventurous incorporating film and music, our team can offer a bespoke service which will make for the most perfect day for you.

Many of our couples have been coming to the Tyneside Cinema for years. Some even had their first dates here! Many also choose to incorporate film into their ceremony, and we work with an editor to create a montage of famous scenes from your own choice of films, to kick the ceremony off in cinematic style.

Our wedding offer is simple. We are available to hire for the ceremony only and we aim to be as flexible as possible with timings and dates. After the ceremony you can choose to have drinks and canapes served in the screen with your guests while you have photos taken. We can also provide the all-important popcorn, which your guests will love, and will make the perfect link between your ceremony and the cinema.
