“ We loved working with the Tyneside Cinema for the premiere of our series *We Are Newcastle United*. With their hard work and co-operation, we were able to transform the venue into a glitzy, red-carpeted space fit to host the Newcastle United team, key stakeholders for the series, media outlets and, most-importantly, the fans. ”

We have worked closely with the Tyneside cinema on a number of high profile screenings and events. Working with the team is a pleasure as all queries are handled efficiently and they have been very flexible and attentive to our requests. During each event the team is always on hand to support and deal with any last minute requests or issues. We choose the venue as it's a central location, it's a beautiful building, there is a good selection of spaces and we are well looked after by the staff. ”
